

**Every structure needs a  
permit. Every permit  
needs an Engineer's  
certified stamp. Your  
project needs  
Aesthetic Engineering**

# Expertise • Creativity • Service

## **Aesthetic Engineering**

is a full service, technologically advanced firm that provides and has provided structural engineering in Nevada and California for nine years. We understand the importance of time and deadlines, and will have **your project completed in 2 ½ weeks or less**. We also offer competitive pricing, and feel confident we have **the most economical bids in the area**. Aesthetic Engineering combines the knowledge and skills needed to design structurally sound buildings. We specialize in custom homes, additions, remodels and commercial buildings.

## **Our Civil Engineering abilities include:**

- **Site plans**
- **Structural design and analysis**
- **Landscape and pool plans**
- **Framing plans**
- **Foundation plans**
- **Residential design**
- **Drafting**
